Sulfur (S)	**8%**
8% Combined Sulfur (S)	
Iron (Fe)	**0.1%**
0.1% Chelated Iron (Fe)	

DERIVED FROM
Monopotassium Phosphate, Potassium Nitrate, Potassium Sulfate, Magnesium Sulfate, Iron DTPA

APPLICATION INSTRUCTIONS
May be mixed directly into feed water or mixed in stock tanks for fertigation systems. For every 1 gram of Pro Grow™, use 0.6 grams of Pro Core® to reach desired EC level. Measure desired amount by weight, not by volume. Do not combine with other fertilizers in dry form or concentrate solution. Use warm water to dissolve more quickly. Recommended for hydroponic use only.

CONCENTRATE MIXING
Mix your stock tanks at the same concentration to minimize errors. We recommend 2 lbs per gallon. Adjust injection ratio to vary EC.

WARNING: CAUSES SERIOUS EYE IRRITATION.

PRECAUTIONARY STATEMENTS
Wash thoroughly after handling. Wear protective gloves/clothing and eye/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Dispose of contents/packaging in accordance with local regulation.

STORE CLOSED IN ORIGINAL PACKAGING AT A TEMPERATURE BETWEEN 45°F AND 100°F (7°C AND 38°C).

Keep dry to avoid clumping. Five-year shelf life from manufacture date if stored properly.
